

Research reveals dogs are under attack by modern chemicals. Canine immune shields, perfectly adapted for the unspoiled wild, are unprepared against chemicals. A 24/7 onslaught of chemical toxins, foreign substances and man-made compounds can leave dogs exposed or under protected. The more pampered the dog, the greater the risk. The mismatch of old canine immune shields and new chemicals makes your dog vulnerable.

Shields Up! IMMUNE DOG™ is the first formula designed to support the body's own immune shields two powerful ways:

SHIELD 1

"Good Guy" probiotics (direct fed microbials) are the first line of defense. More than one billion good organisms help keep bad organisms in check, and aid bowel-intestinal function.

SHIELD 2

"Master Antioxidant" GSH (Glutathione) shields are lowered by chemical induced oxidative damage. Our landmark "thiol donors" help boost the body's (endogenous) GSH shield.

IMMUNITY

*There's No
Problem Nature
Can't Solve!*

**IMMUNE
DOG™**

NET WT. 2 lbs. (908g)

**DOUBLE
IMMUNE SUPPORT
FORMULA**

- Provides Both an **Antioxidant Shield** and a **Probiotic Shield**
- Supports Dog's **Own Immunity**
- Supplies **Natural Anti-Inflammatories**
- Helps Fight **Oxidative Damage**
- **GLUTEN FREE**

Nutritional Info, Per Level Scoop

Serving size 2.5 grams Servings per container 380

Protein	zero	Calories per serving	8
Fat	zero	Probiotics	1 billion
Fiber	zero		
Moisture	7%		

DIRECTIONS: Feed 1 scoop per day. Provide at meal, mixed into wet or dry food. Multiple feedings may offer greater benefits. Divide total into 2 servings per day. In other words: 1/2 scoop in the morning, 1/2 scoop in the evening.

INGREDIENTS: Probiotic direct fed microbials (One billion Colony Forming Units per serving at time of manufacture)(Lactobacillus acidophilus, L. plantarum, L. casei, L. bulgaricus, L. lactis, L. caucasicus, L. helveticus, B. longum), ThiolGen™ GSH precursor mix Trimethylglycine, N-acetyl-L-cysteine, Pomegranate extract, Citrus bioflavonoids, Mulberry extract, Green tea extract, Beta-glucans, Quercetin, N-acetyl-L-carnitine, Lipoic acid, L-Ergothioneine (shiitake mushroom source), Gogi berry extract, Lutein, Resveratrol, Soy genistein isoflavone extract, Maltodextrin, Silica added as flowing agent.

NO ADDED SALT, SUGAR, ARTIFICIAL PRESERVATIVES.

CAUTION: For animal use only. For use in dogs six months and older. Keep out of reach of children and other animals. In case of accidental overdose, contact a health professional immediately. If animal's condition worsens or does not improve, discontinue use and consult your veterinarian.
